

PRESS RELEASE, COVID-19

16. March 2020. Adriatic Mikulic

Dear guests,

Thank you to all of you who have been with us for many years, all of you who have just recently become part of our family and all of you who are well on your way to become a part of our family. Thank you for spending the most wonderful moments of the year with us.

Your satisfaction is our biggest reward.

With great responsibility and respect for you, after a long summer and wonderful moments, we start realizing the plan which involves new projects and improvements on the accomodation so it can welcome you once again with its full splendour.

This year we have the same goal in mind, but the inevitability of the Covid-19 virus situation nevertheless dictates different methods of realization.

In order to get through this period of social, economic, and social paralysis as painlessly as possible, we have adopted the following temporary measures:

For the safety of guests and employees, the Adriatic Mikulic will be completely closed until 15 May 2020. Depending on the situation and the instructions of the Crisis Control Center on the campsite opening will be updated in a timely manner.

Croatia is coping well with the outbreak of the Covid-19 virus and its prevention. This is the path we want to take to get the Covid-19 virus situation under control as soon as possible.

GOOD TO KNOW

Conditions and rules of making reservations at the time of the pandemic:

All guests with reservations up to 15 June 2020 have the right to transfer their reservation to any other available date. |

Reservations made for arrivals after 15 June 2020 are subject to the standard booking rules, which can be viewed here:

At this point, the only exception for guests with reservations after 15 June is that they can transfer their reservation to any other available date.

In the event that a pandemic caused by COVID-19 is not brought under control by 1 June 2020, and guests who have made a reservation after 15 June 2020 cannot physically consume the contracted service at the Adriatic Mikulic, the booking terms and conditions will change in favour of the guest.

ALL INFORMATION ABOUT THE TERMS AND CONDITIONS OF THE BOOKING CAN BE OBTAINED AT:

IMPORTANT!

No cases of COVID-19 virus infection have been reported at the Adriatic Mikulic. Since the safety of all the staff and guests of the Adriatic Mikulic is a paramount issue, we are developing a system of

work that will contribute to satisfactory hygienic conditions (appropriate disinfectants, protocols, etc.) and safety within the accommodation.

More on this topic soon.

The healthiest way to look at tourism is through people because the heart of tourism lies in them.

We wish everyone a lot of health and hope for a fast stabilization of the virus.

Receive warm greetings from the Mikulic family and the staff of the Adriatic Mikulic
